Size: 157 apartments
Status: Construction
Cost: \$48m

Horizon Eastwood, NSW

Horizon Apartments consists of 157 apartments over four terrace style buildings. Marchese Partners were involved in all phases of the project including; architecture, engineering, and interior design.

The contemporary buildings feature spacious layouts and floor to ceiling glass that maximises natural light. Set on the highpoint at Eastwood, all apartments enjoy views to Olympic Park and beyond. The interior design seamlessly combines exceptional style with contemporary flair.

Marchese partners Engineering undertook the full design and documentation of the Structural, Civil, Mechanical, Electrical, Hydraulic, Fire, and Lift Engineering services for this project.
